## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 11-26 and 31-37 are allowed.

The following is an examiner's statement of reasons for allowance: The closest prior art known to the Examiner is listed on the PTO 892 and IDS forms of record. The cited prior art references do not anticipate or make obvious forming the layer, the step of forming the layer including using carbon dioxide; and the step of forming the layer including depositing a sulphur or silicon containing compound that includes a moiety of the formulas as claimed by present Claims 11 and 17 and dependent Claims thereof. Therefore, the Claims are allowable over the cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
